

# 2009 - 2010 Texas Minimum State Vaccine Requirements for Students Grades K - 12

This chart summarizes the vaccine requirements incorporated in Title 25 Health Services, §§97.61-97.72 of the Texas Administrative Code (TAC).

This chart is not intended as a substitute for consulting the TAC, which has other provisions and details. The Department of State Health Services is granted authority to set immunization requirements by the Education Code, Chapter 38, Health & Safety, Subchapter A, General Provisions.

## IMMUNIZATION REQUIREMENTS

A student shall show acceptable evidence of vaccination prior to entry, attendance, or transfer to a child-care facility or public or private elementary or secondary school in Texas.

Vaccines	Kindergarten	7 <sup>th</sup> Grade	8 <sup>th</sup> - 12 <sup>th</sup> Grade
Diphtheria, Tetanus, and Pertussis <sup>1</sup> (DTaP/DTP/DT/Td/Tdap)	5 doses or 4 doses <sup>2</sup>	3 doses <sup>3</sup> 1 Tdap/Td booster <sup>4</sup>	3 doses <sup>3</sup> 1 Tdap/Td booster within last 10 years <sup>5</sup>
Polio <sup>1, 6</sup>	4 doses or 3 doses	4 doses or 3 doses	4 doses or 3 doses
Measles, Mumps, and Rubella <sup>1, 7, 11</sup> (MMR)	2 doses	2 doses <sup>7</sup>	2 doses <sup>7</sup>
Hepatitis B <sup>1, 8, 11</sup>	3 doses	3 doses	3 doses
Varicella <sup>1, 9, 11, 12</sup>	2 doses	2 doses	1 dose <sup>9</sup>
Meningococcal <sup>1</sup>		1 dose	
Hepatitis A <sup>1, 10, 11</sup>	2 doses		

### Footnotes

- <sup>1</sup> Receipt of the dose up to (and including) 4 days before the birthday will satisfy the school entry immunization requirement.
- <sup>2</sup> Five doses of a diphtheria-tetanus-pertussis containing vaccine, one of which must have been received on or after the 4<sup>th</sup> birthday; however, 4 doses meet the requirement if the 4<sup>th</sup> dose was given on or after the 4<sup>th</sup> birthday.
- <sup>3</sup> Three doses, including one dose on or after the 4<sup>th</sup> birthday.
- <sup>4</sup> Students will be required to have a booster dose of Tdap only if it has been five years since their last dose of tetanus-containing vaccine. Td is acceptable in lieu of Tdap if a contraindication to pertussis exists.
- <sup>5</sup> Students will be required to have a booster dose of Tdap if it has been ten years since their previous dose of tetanus-containing vaccine. Td is acceptable in lieu of Tdap if a contraindication to pertussis exists.
- <sup>6</sup> Four doses of polio vaccine one of which must have been received on or after the 4<sup>th</sup> birthday; however, 3 doses meet the requirement if the 3<sup>rd</sup> dose was given on or after the 4<sup>th</sup> birthday.
- <sup>7</sup> Two doses of MMR vaccine with the 1<sup>st</sup> dose on or after the 1<sup>st</sup> birthday. For the 2009 - 2010 school year, 7<sup>th</sup> - 12<sup>th</sup> grade students are required to have two doses of a measles-containing vaccine, and one dose each of mumps and rubella vaccine. Refer to the phase-in schedule to determine when the 2-dose MMR requirement goes into effect for 7<sup>th</sup> - 12<sup>th</sup> grade.
- <sup>8</sup> Two doses of adult hepatitis B vaccine (Recombivax<sup>®</sup>) are acceptable for individuals 11 - 15 years of age. Dosage and type of vaccine must be clearly documented. (Two 10 mcg/1.0 ml of Recombivax<sup>®</sup>)
- <sup>9</sup> Two doses received on or after the 1<sup>st</sup> birthday. Refer to the phase-in schedule to determine when the 2-dose Varicella requirement goes into effect for 8<sup>th</sup> - 12<sup>th</sup> grade.
- <sup>10</sup> Two doses with the 1<sup>st</sup> dose received on or after the 1<sup>st</sup> birthday.
- <sup>11</sup> Serologic confirmation of immunity to measles, mumps, rubella, hepatitis B, hepatitis A, or varicella or serologic evidence of infection is acceptable in lieu of vaccine.
- <sup>12</sup> Previous illness may be documented with a written statement from a physician, school nurse, or the child's parent or guardian containing wording such as: "This is to verify that (name of student) had varicella disease (chickenpox) on or about (date) and does not need varicella vaccine."
